

## Owl Standard Installation 2024

### Standard installation 1 x Technician (Metro-Australia)

Is for one Videoconferencing system per room (any Cloud Room Platform Licences i.e. Zoom Rooms, Microsoft Teams, WebEx Room, etc. are the responsibility of the Customer) and provides Turn Key installation and Training from one technical person (includes Travel, Tolls, and Parking).

Should the removal of an existing LED/TV from a wall require moving we will **require assistance from a staff member**? A maximum of up to 4 to 6 hours is allocated onsite.

Any additional work i.e. installation of a new LED/TV , internal cabling, ceiling microphones, assembling trolleys or room integration would be charged at our premium price rate of our hourly rate per technician.
