

What's new with Neat Board Pro

- Superior video and audio for larger spaces in a simple all-in-one form factor
- Advanced whiteboarding with a range of options for collaboration tools
- Adjustable height for improved accessibility
- Dual screen extendibility to a larger display or projector
- Single cable for BYOD and laptop charging

Big enough for large spaces, flexible for many spaces

All-inclusive flexibility

- 65" all-in-one form factor built for simple setup
- Single cable BYOD mode
- Neat App Hub unlocks more workflows

Superior AV for larger spaces

- Suits larger rooms (up to 10m/33') with dual camera system
- Broadcast to larger screens with HDMI-out
- Scale the experience with Neat Center and 3rd-party DSP solutions

Adaptable and accessible

- An adaptive stand provides easy mobility
- Adjustable height for accessibility and ergonomics
- Adaptive stand is designed with responsibility in mind

Productivity enhanced

- Efficient whiteboarding experiences with an active marker
- Easy to manage remotely with Neat Pulse
