OWL LABS® | MAXHUB

Effortless collaboration for Teams Rooms

Simple and effective hybrid collaboration for Microsoft Teams Rooms with the MAXHUB XCore Kit and the Owl Labs Meeting Owl® 3.
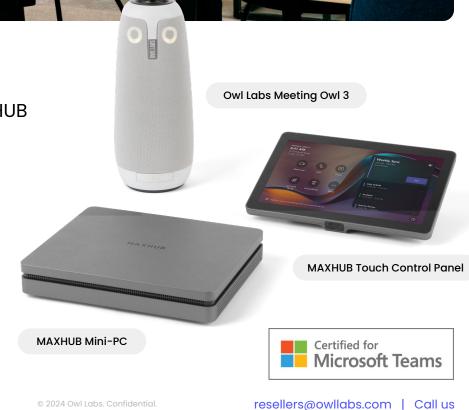

Owl Labs Meeting Owl 3

MAXHUB Touch Control Panel

MAXHUB Mini-PC

- Start collaborating faster with one touch to join
- Powered by Windows 11 IoT with TPM2.0
- Automatic speaker-focus and a 360º view of the room with the Owl Labs Meeting Owl 3

Certified for Microsoft Teams

360 degrees of collaboration

The Meeting Owl 3 is an all-in-one camera, mic, and speaker device that combines award-winning speaker-switching software with a 360-degree view of the room for more productive hybrid meetings.

Pairs with the front-of-room Owl Bar or another Meeting Owl to capture multiple angles of the discussion.

See and hear it all

- 360-degree view of the room and face-to-face view of the speaker

- Wirelessly pairs with other Owl Labs devices to support any space

- AI-powered speaker auto focus to always capture the best view of in-room participants

Everything you need

The XCore Kit turns any meeting space into an easy-to-manage Microsoft Teams Room so teams can focus on collaboration.

With an in-room compute powered by Windows 11, teams can equip any huddle or small meeting space for effective collaboration.

Simple to use and manage

- Easily turns huddle and small meeting spaces into dedicated Microsoft Teams Rooms

- One touch to join with tablet controls and dedicated in-room compute

- Powered by Microsoft Teams for reliable and secure performance

---

Everything you need for engaging hybrid collaboration with Microsoft Teams Rooms

- Productive and collaborative hybrid meetings for all participants

- 360-degree full-room video and audio coverage

- One touch to join meeting spaces that are simple to deploy, use, and manage

- Predictable and robust performance with automatic software updates
